Cabin details

We guarantee a ready cabin when the ship leaves the quay. On busier sailings, your cabin may not be ready when you embark. There may be a waiting time for the cleaning of your cabin. If this is the case, please do take the time to visit our public areas and we'll let you know when it's ready.

Foot passengers may/should need additional time to disembark in Portsmouth.

Due to major renovation work in Portsmouth port, the gangway is no longer available. Disembarkation from the ship for foot passengers therefore has to be reorganised through the garage and may only start 30 minutes after arrival. We advise allowing extra time for any onward connections you may need upon arrival. We're sorry for any inconvenience and will get you on your way as soon as possible.
